

REFERENCE FOR GREG ROBINSON.

I own a float home Bed and Breakfast in Fisherman's Wharf Victoria.

Greg developed my website 5 years ago- he hand coded it. See www.floatingbandb.com

He works very fast and responds and fixes issues within a day.

He is now my webmaster and he is pro-active- he has constantly suggested improvements that I never thought about- he improved the look, made it mobile search friendly, urged me to get an SSL security certificate, resized pictures and has a vast amount of technical skills on top of his web design skills.

I highly recommend him.

Sincerely

Carene Robertson
